

## Art Van deLUX Classes

All necessary equipment, supplies, and materials are provided by Art Van deLUX to offer a high-quality, hands-on creative experience for all involved.

Art Van deLUX staff tailor our award-winning programs to any age group to ensure a fun and enriching experience for participants. Art Van deLUX youth lessons correspond to National Art Standards and LPS Core Abilities.

## Mixed Media

### Grades K-2<sup>nd</sup>

#### **STEAM Powered Minds**

Learn to connect Science, Technology, Engineering, Art, and Mathematics! Students will work with paint, clay, ink and more!

#### **Art Zoo**

Students will have a blast learning about animals from all over the globe while exploring painting, drawing, ceramics, and mixed media art. Every day students will draw inspiration from animals living in a different region and create their projects in a new art medium.

#### **Mini-Masters**

Students will learn about famous movements in art and its prominent artists each day. Projects will allow students to explore many different styles of painting, drawing, and sculpture.

### Grades 3<sup>rd</sup>-5<sup>th</sup>

#### **Making Art with the Masters**

Study the artwork of the masters and create pieces inspired by their techniques. Painting, drawing, sculpture, and printmaking will be explored and a new artist is discussed each week.

#### **Pop-Up Art**

Students will learn multiple paper folding methods to create their own pop-up cards and books. They will use drawing materials to bring their designs to life.

#### **Tween Art Sampler**

Students will try their hand at painting, drawing, sculpting, glass fusing, and more! Each week cover a new art medium to allow for a wide range of exploration.

#### **Full STEAM Ahead**

Learn to think outside the box by connecting Science, Technology, Engineering, Art, and Mathematics! Students will incorporate STEAM topics into their art projects by exploring the science behind painting, drawing, sculpture, and more.

## Painting & Drawing

### Grades K-2<sup>nd</sup>

#### **Create with Paint**

Students will try their hand at painting still life, landscape, and animals. Watercolor, tempera paint and acrylic paint will be explored.

#### **Draw Folklore & More**

Become a drawing wizard! Students will create their own drawings of creatures from folklore and more.

#### **Draw Paws & Claws**

This class will break down drawing furry and crawly things into a simple step-by-step process. Lesson will depict hair, scales, composition, and proportions.

#### **Draw Prehistoric Paws & Claws**

Take a trip back in time and learn about critters and creatures that walked the earth long ago. Students will use pastels, pencils, and more to explore the animals and environment of prehistoric times.

### Grades 3<sup>rd</sup>-5<sup>th</sup>

#### **Paint like the Masters**

Study the artwork of the masters and create pieces inspired by their techniques. Painting, drawing, sculpture, and printmaking will be explored and a new artist is discussed each week.

#### **Beginning Drawing**

Students will learn the fundamentals of drawing what they see! Lessons will cover still life, portraiture, and how to correctly show perspective and proportion.

#### **Draw + Paint**

Take your drawing and painting skills to the next level! Explore observational drawing while trying your hand at pastels, pencils, watercolors and acrylic paints.

## Ceramics

Projects are typically built and glazed in one class session. We bring all projects back to our site and fire them. Not all projects will be fired before the class is over, some projects will need to be delivered after. Due to the cost of materials, firing, and the added time to transport projects these classes are an *additional \$40 per session*

### Grades K-2<sup>nd</sup>

**Mud Pies & More:** Students will create their own pots and sculptures. A variety of techniques will be explored including pinch, slab, and coil building.

**Clay Safari:** Explore and learn about animals in the wild kingdom! Students will make sculptures inspired by the animals they learn about each week.

**Backyard Ceramics:** Students will have a blast learning about clay while making flower pots, garden gnomes, and more!

### Grades 3<sup>rd</sup>-5<sup>th</sup>

**Creating the World in Clay:** Explore artwork from cultures and countries around the world! Students will build sculptures and pots inspired by both historic and contemporary examples.

**Mud Monsters:** Let your child's imagination run wild in this ceramics class! Monster types will rotate each week to give students the chance to sculpt all kinds of monsters and their features.

**Surreal Ceramics:** Your child will have a blast making silly and surreal clay sculptures! Students will draw inspiration from famous artworks to make their own melting clocks, hybrid animals, and more.

## Pricing Information:

Our competitive pricing reflects the cost of our equipment, supplies, instructors and travel to the host institution. Please note the cost covers up to **15 participants** for every class or workshop. More participants can be added for an additional fee.

4 weeks @ 1.5 hours/week: \$580

6 weeks @ 1 hour/week: \$580

**Additional Participant** \$15/each

### Youth or Adult Teambuilding Workshop

2 hours: \$300

## Program Information:

Art classes are not held in the van; the host site must provide a space for the class to be held. The space must include:

- Enough tables and chairs to seat all program participants
- Have running water in the same room
- Basic clean-up supplies such as paper towels, broom, mops, etc.

It is preferred that host sites provide at least one staff member or volunteer willing to assist in program implementation. Host sites are responsible for furnishing clean-up supplies such as paper towels, broom, mops, etc.
